Microsoft Office – PowerPoint Assignment

Directions: Using your knowledge of Microsoft PowerPoint make a presentation based on a topic you are learning about in one of your other subject classes.

Topics may be from any of the following subject classes:

- Economics
- English
- Global Studies
- Living Environment
- Math
- US History and Government

The structure of the slide presentation should conform to the following criteria:

- Maximum of 12 slides
- Include a title slide with your name as the presenter
- Enhance your presentation by using
 - background color or design
 - a variety of text colors, sizes and fonts
 - clipart and pictures to help make your point clear
 - slide transitions
 - text effects
 - sound
 - timing
- Include the source for any information quoted from the Internet, book, newspaper, magazine or other published material.
- Include the source for any statistical data you use
- If a direct quotation is used, cite the person or agency it came from

Some students will be chosen to show their presentations in class.
